XII. Fees

1. Fees are calculated according to rates indicated in the Table of Tariffs and Additional Fees which constitute an appendix to the Terms of Service available at www.veturilo.waw.pl and in the Veturilo Mobile Application. The number of minutes of rental, counted from the moment of Bike Rental to the moment of Bike Return constitutes the basis of fee calculation.
2. The fees for the use of Veturilo System vary and depend on the length of Duration of Rental. The fee for a single Bike Rental constitutes the sum of means for the subsequent time intervals.
3. The time of fee calculation is divided into one-hour periods with the exception of the first hour of Rental during which the period of first twenty minutes of Duration of Rental and the period of subsequent forty minutes of Bike Rental are separated from one another.
4. If the charged fees for the Duration of Rental or for Additional Fee exceed the funds available, the Client is obliged to top up their Account at least to achieve the balance equal to PLN 0 within 7 days from occurrence of the overdue balance. In case of failure to settle overdue payments, the Operator reserves the right to commence adequate legal steps against the Client, targeted at obtaining the payment on account of the realized Agreement. The Operator shall be entitled to calculate statutory interest for any delays in payments of amounts due from the date of their maturity until the factual day of performing payments in the full amount. The Client is obliged to fulfil the obligations stemming from the hereby paragraph towards the Operator in line with the conditions specified in Art. 393 of the Civil Code
5. Reimbursement of the Client Account balance amount may be conducted post termination of the Agreement. In the course of the Agreement, the top-up amount is not subject to reimbursement. In justified cases, the Client may apply for reimbursement of the top-up amount in the course of Agreement validity.
6. In case of obtaining a Promotional Voucher, its amount and designation is established by the Operator and it is non-refundable, that is, there is no possibility of reimbursing these funds. Funds from such top-up and funds from premium Returns (Chapter XI sec. 1 clause 1-2) are used in the first order towards Bike Rental prior to the funds paid in by the Client. In case of Promotional Vouchers, details concerning the amount, the term of validity and the reason for allocation are specified in the current Terms of Service available on the website of the promotion. Information regarding current promotions may be found on the Operator's website.

7. Unused payments made by the Client to the Client Account or the Initial Fee or the Amount of top-up shift from season to season. They are subject to reimbursement in cases and in the mode specified in the relevant provisions of Chapters XV, XVI or XVII. The amounts paid but not used by Clients shall be reimbursed also after the agreements connecting the Operator and the Ordering Party have terminated. A condition for reimbursement of funds shall be the indication by the Client of the manner of reimbursement conduct after obtaining by the Operator of the information regarding completion of validity of the Agreement between the Operator and the Ordering Party. In case of failing to return the funds by the Operator, the Client ought to inform the Ordering Party of this fact.
8. In case if the Client remains in arrears with payments towards the Operator, the Operator reserves the right to pass the information on overdue amounts to entities indicated by appropriate provisions of law. The Client acknowledges that the Veturilo Operator is entitled to transfer the overdue receivables towards the Client, stemming from the Agreement concluded with him, onto third parties, which will entitle these third parties to pursue the said receivables from the Client. The Veturilo Operator reserves the right to entrust pursuing receivables from the Client to the debt-recovery company.
9. The user who fails to fulfil all obligations stemming from the Terms of Service shall be burdened with the financial responsibility.
10. In case of loss of Bike at the fault of the Client, in accordance with the Agreement concluded by the Operator and the Ordering Party, the Operator shall be obliged to replace it with another Bike.
11. In case of calculating an Additional Fee, with the exclusion of Bike Return in the Area of Return the Operator releases a decision after considering the circumstances in a given case after prior Client communication with CK Veturilo in a manner specified in Chapter XIV Clause 3. In case of calculating the Additional Fee for Bike Return in the Area of Return this fee is automatically calculated. The Operator issues a decision within 14 days from the date of the event and in case of matters of more complicated nature, this period may take up to 30 days.
12. In the situation when the Client returns the Bike (regardless of the type of Bike) in the Non-authorized Zone, i.e. Outside of Veturilo Station, Veturilo Temporary Station, Compatible Station or the Area of Return and Additional Fee is calculated in accordance with Appendix no. 1, the Client shall obtain PUSH notification with information concerning the Additional Fee in case of the Client having switched on this functionality in the Mobile Application. The Operator enables cancelation of this fee automatically provided that the Client re-return the returned Bike within 15 minutes from completion of Rental and returns it to Veturilo Station, Veturilo Temporary Station, Compatible Station or in the Area of Return.
13. Upon Client request, in case of finding and returning the Bike to the Operator by the Client within 30 days from the date of the Client obtaining information from the Operator that the Bike was lost, the Fee for theft, loss or damage specified in Appendix no. 1 shall be decreased in such a way so that the Client shall be charged 1/30th of this fee each day counting from the day following the day of obtaining information that the Bike was lost until the day of finding and returning the Bike.
